RUN THE MOUNTAIN

5K * 10K * 15K TRAIL RUN

SEPTEMBER 23

SQUAK MOUNTAIN STATE PARK

NuHope Street & Run the Mountain

The objective of NuHope Street is to help children and families – focusing locally and globally on providing educational, medical and life-sustaining resources. Support ranges from facilitating the building of a school across the world to helping an organization provide a center for homeless teens/children just down the street. Beneficiaries are chosen based on their ability to utilize our resources to directly impact their cause & mission.

Run the Mountain is NuHope Street's signature trail running event benefitting Treehouse, a Seattle based organization that enriches the lives of children in foster care.

Run the Mountain offers the opportunity to participate in a run through beautiful *Squak Mountain State Park*, experiencing old growth forests, rolling creek beds, and scenic overlooks. Post-run, reward yourself with some delicious *wood-fired pizza and ice cold beer or soft drinks*. We've mapped out three routes, allowing runners of all experience levels to dip a toe into trail running or push themselves to go a little further!

The following pages highlight some of the many benefits of sponsoring this event. It's a great opportunity to get involved, get the word out about your charitable efforts, and let your business shine thru this cause marketing opportunity.

WHO BENEFITS?

Treehouse is giving foster kids a childhood and a future.

In 1988, a group of DSHS social workers grew tired of seeing the deprivation often faced by children in foster care. They started purchasing the little things needed to help children feel loved and capable — things like birthday presents and school supplies — funded by community bake sales and car washes.

Thanks to the support of tens of thousands of generous donors, Treehouse's talented staff, and many caring and committed partners, today **Treehouse helps 7,000 youth in foster care each year** through programs that help them **succeed in school, fulfill key material needs, and provide important childhood experiences.**

In 2012, Treehouse embarked on a goal to address the alarmingly high dropout rate among youth in foster care. We know that with intentional, individualized support, youth in foster care can and will graduate from high school at the same rate as their peers with a plan for their future. Treehouse has acquired a track record of success in helping youth in foster care thrive, and remains dedicated to building a road to hope and possibility for our kids, toward the bright future they equally deserve.

See how **Treehouse** is making an impact in WA state:

treehouseforkids.org

Your sponsorship helps *create a road to hope* for youth in foster care across WA State.
